

Activation of one operator access G-Core/ViewConnect

G-Core/ViewConnect

G-Core option for the provision of one additional user access for one particular G-Core system. G-View can be configured for local language support, when it is installed for the first time.

The following languages/countries are supported:

- English (EN)
- German (DE)
- French (FR)
- Spanish (ES)
- Italian (IT)
- Russian (RU)
- Dutch (NL)
- Polish (PL)
- Hungarian (HU)
- Turkish (TR)
- Arabian (AR)

The default setting of G-View is English. The option refers to the system server. Each basic version of G-Core Systems is delivered with 10 G-Core/ViewConnect operator access rights for local or remote access.
