5 MP Bullet Camera 9-22 mm
G-Cam/EWPC-5250

The Bullet camera with 5 MP and infrared LEDs is ideal for outdoor use. The camera is suitable for monitoring greater distances and provides sharp images even at night thanks to the integrated infrared LEDs. The compact design, which can be mounted both on the wall and on the ceiling, offers ideal protection against sabotage by twisting or force.

- Surveillance along external facades.
- Suitable for attachment to masts.

- Compact IP camera with excellent price-performance ratio.
- Specially optimized image compression methods H.264/H264CCTV, H.265/H265CCTV, MJPEG for low bandwidth with high quality.
- The integrated infrared LED illumination ensures sufficient illumination even in absolute darkness at a distance of up to 40 metres for optimum image results.
- Wide dynamic range to improve the image quality of particularly dark or bright image areas.
- Supports the G-Core Edge Recording function thanks to the built-in MicroSD card slot for almost complete recording of camera images, even if the network connection is interrupted.
