# GEUTEBRÜCK

G-Station+

G-Station+ is a powerful computer that can be utilized in many ways for the operation of various Geutebrück software packages.
G-Station+ is particularly suited to use in medium to large video security systems in which a high level of computing power is needed for additional software solutions, in addition to the recorders in use.

Technical data

CPU type	Either 1 x Intel Core i3 or 1 x i5 inside
Dimension mm	443 x 140 x 436 mm (W x H x D)
Ethernet	1 x Ethernet 10/100/1000 base-TX interface
Form Factor	3U
Number of CPU	1
Operating System	Windows 10 IoT Enterprise Embedded
Operating Temperature	0°C to +40°C
OS on seperate SSD	Yes
Voltage supply	110-240 V AC / 60-50 Hz ±10%, 300 W
PS/2	Yes
RAM	2 x 4 GB DDR4
Redundant PSU	No
USB	4 x USB 3.0, 2 x USB 2.0 (rear) / 2 x USB 2.0 (front)
Video outputs	DVI-D, 2x Display Port
GPU Acceleration	No
Audio outputs	1 x stereo (line out, phone jack, 3,5 mm)
Weight	Approx. 11.2 kg
Order No.	0.29940
